

Johnson 'Ohana Foundation Farm to School Match with **DONORSCHOOSE!**

Request Farm to School resources for your students from

**DONORS
CHOOSE**

and the Johnson 'Ohana Foundation will double donations,
starting October 14, 2026.

Criteria:

1. Teach full time at an **eligible public school, public charter school, or Head Start center**. For more information on whether your school qualifies check out this [article](#).
2. Create a farm to school or school garden [project request](#). Here are some examples:
 - Materials for school gardens, farm to school projects, tower gardens, and classroom gardens
 - Supplies to lead farm to school activities and/or taste tests with ingredients from school gardens, farmers markets, or sourced from local farmers
 - Cooking tools and equipment for nutrition education activities using local food ingredients
 - Tools and materials to compost food waste turning it into valuable soil for a school garden
3. Make sure to include the following phrase as written " **'AINA In Schools** " as well as any of the keywords that best describe your project: *farm to table, farm to school, school garden, classroom garden, garden tower, harvest of the month.*

4. Keep your total project goal **under \$700**, including taxes, shipping, fees, and the suggested donation to support DonorsChoose.
5. Once your project is approved, **donations will be doubled** while funding remains. That means a \$25 donation will become a \$50 donation!

What is DonorsChoose?

[DonorsChoose](#) is a nonprofit website that connects public school teachers with funding for classroom resources. Teachers across America request resources, which are funded by generous donors, corporations, and foundations that want to support our nation's students and teachers.

How it Works

Create Your Project

Request calculators, art supplies, lab equipment — **anything you're dreaming of for your students.**

Get Funded

Your friends & family lend a hand; our community takes care of the rest. **Join the 1.2 million teachers**

Receive the Goods

We order everything for you and ship it straight to your school.

What can I ask for?

From pencils to 3-D printers, you can request anything you need to enrich your students' experience at school. Stethoscopes? Snacks for students? Skin tone markers? We can help with those too. If you can imagine it, you can request it. While DonorsChoose broadly funds classroom resources, **individual match offers may have additional eligibility requirements or restrictions.** *Please refer to the first page for the specific requirements of the **Johnson Ohana Foundation Farm to School Match Offer** before submitting your project.*

Do teachers like me use it?

Yes! Teachers in every state, subject area, and grade level use our site. They work in communities of every size and with every level of economic need. If you are an educator at a public or public charter school, are employed full-time by the school or district, and work directly with students at least 75% of the time, you are eligible to post projects.

How long does it take?

The average project takes about 25 minutes to create and submit. Once your project is funded, we purchase all the resources for you and ship them directly to your school, providing you and your school or district with complete transparency and accountability throughout the process.

What kind of support will I get?

You're never alone! We raise more than half of the funds available on our site from companies and foundations, and we're always here to answer your questions through our [help center](#). Let's work together to get what you need for your students.
